## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election without traverse of Group I (claims 1-16) in Paper No. 13, filed 1-27-03, is acknowledged. Claims 17-30 are withdrawn from consideration as being directed to a nonelected invention.

### ***Information Disclosure Statement***

Receipt is acknowledged of information disclosure statements (IDS), filed 12/11/01 and 3/03/03 as Papers No. 6 and 14, respectively. The corresponding PTO Form 1449 for each IDS has been mailed along with this action.

### ***Drawings***

The corrected or substitute drawings were received on 9/24/01. These drawings are acceptable.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1636

Claim 1 is vague and indefinite in that the claim recites the limitation that both of the promoters on the different expression constructs are constitutive promoters. However, the claim further stipulates that each of the promoters is regulable by a repressor encoded by a sequence whose expression is under the control of the other promoter. It is unclear how the promoters described in this arrangement can be considered "constitutive" promoters.

Claim 10 is vague and indefinite in that the metes and bounds of the term "disposed within" are unclear. This term is not clearly defined in the specification and is not commonly used in the art. It appears that the term "comprised within" would be similar in scope to "disposed within" and would be remedial.

### *Conclusion*

No claims are allowed.
